

The Rollin' Rock

From the President's Pen

It's Show Time! And being a part of putting on the largest Gem & Mineral Show in Northern California is always something that you can be proud of!

Our Show Chair, Jim Hutchings, has worked tirelessly all year long behind the scenes locating new vendors or exhibits that will delight and amaze you. Gloria Maria is busy getting the Show in the news and on radio stations and she could use some help posting on websites. If you have time and a little bit of computer experience, she can explain how. Contact: gloriarosevillerockrollers@gmail.com

Our behind-the-scenes crew will start Thursday night, March 26, with our behind the scenes crew starting Friday morning, March 27, with set-up. Then the Show starts on Saturday and goes through Sunday, and we take it all down Sunday at 4 pm. We could use more help! Sit-down jobs are available (admission or Kids' Junction) as well as feeding the masses (kitchen area) or setting up rocks (silent auction) and if you like talking to people (raffle tickets). And don't forget to drop off store bought cookies or other desserts.

There's something for everyone - encourage a youth group, scout troop, or fellow co-workers to join us (contact Florence Brady at fhbrady@jps.net). There's a beautiful chunk of amethyst to be won by a lucky worker! Work 4 hours, attend the whole Show for free!

The Final Frontier... in Rock Collecting

Jarosite. I had never heard of it, but it is a secondary mineral found in the oxidized zones of sulfide deposits. It is formed by the reaction of dilute sulfuric acid in groundwater, typically altering from pyrite. The key word in that description is groundwater, and the reason it is key is because this mineral was just found on Mars by the Curiosity Mars rover.

Back in January, the Mars rover was looking for a rock to drill to expose fresh surfaces for examination. The rock that was chosen, named "Mojave," displayed many slender features approximately the size of rice grains that appeared to be crystals. The scientists running the rover wanted to determine the mineral represented in the hopes that it would provide clues to the history of Mars. Were they salt crystals left by a drying lake, or were they volcanic in origin?

Educational Program for March 10, 2015

Presentations from Our Junior Rock Rollers

In March, our educational presentation will be provided by the Rookie Rock Rollers. Every month for the past year one of the Juniors makes a presentation to their peers on a particular mineral. This past year has been chock full of exciting presentations including carnelian agate, copper, and sulphur. So join us on March 10 to hear what the kids have been up to for the past year!

Things to Do at This Meeting!

- Sign up to work at the show!
- Buy show raffle tickets. Pick up show flyers
- Bring your donations for the raffle & auction

Whatever they were, minerals tell a story, and the scientists wanted to hear the story these minerals had to tell. So, on January 13, the rover began drilling. The drill essentially is a hammer and chisel, and the Curiosity team had no way of controlling the force of the hammering. The "Mojave" rock shattered under the percussive force. While this eliminated drilling for samples, the freshly broken rock faces did present an opportunity to study unweathered surfaces up close under the rover's hand lens.

The rover was redirected to an alternate site, "Mojave II." The software was upgraded to allow for control over the percussive force of the drilling. On the lowest setting, the rover was able to penetrate the rock and acquire the needed samples.

Upon analysis by the rover's Chemistry and Mineralogy (CheMin) instrument on the rover, it was determined that the crystals were jarosite. This was not a complete surprise to the Curiosity team as previous Mars surveys had suggested the presence of the mineral, but having confirmation was important.

The presence of jarosite would indicate that Mars did previously have a groundwater supply at some time. But more importantly, it confirmed to rockhounds everywhere that we could someday have samples from other worlds, possibly even mineral species that do not exist on Earth. Space... the final frontier.

MINUTES FOR ROSEVILLE ROCK ROLLERS BOARD MEETING FEBRUARY 24, 2015

Call to Order at 7:00 p.m. by President Teresa Johnson.

Present: all officers except Gene Engelbrite. Guests Evelyn Neely and Gloria Marie.

Minutes – a motion was MSA to approve the minutes for the Jan. 27, 2015 Bd. Mtg. and the Feb. 10, 2015 Ed. & Bd. meetings.

Treasurer – Terry Yoschak reported she is paying the show publicity bills. No unusual club bills. The club received \$39.20 for recycling old, unusable electric cables and four plexes.

Correspondence – Florence Brady reported the contract for the Gem Faire for 2016 was received. We hope to be relocated to a nonsmoking area.

Membership – Florence reported membership is now 231. Brief discussion on why members do not renew.

Vice President/Programs – Matthew Stanley reported the Juniors will be giving presentations for the March Ed. Mtg. (along with update/information on the show). April will be a presentation given by Jim Hutchings on Tucson and May will be the live oral auction.

Librarian/Historian - Karla Shannon reported she will order the new book on turquoise.

Field Trip Chair – Gene Engelbrite was absent. Upcoming field trip to 16-1 Mine with the Calaveras Co. G & M S and a possible field trip for sunstones.

Federation Director – Chuck Neely summarized the dates for Camp Paradise (during weeks of Aug. 30th to Sept. 11th) and discussed the CFMS show in Lodi. A motion was MSA to approve taking the RRR Exhibit to the CFMS Show. Kelley Ballard offered to take the case and Chuck will probably bring it back.

Lapidary Classes – discussed possible upcoming classes and that vendor Dennis Hardy who does cold forging would like to offer a class. Details to be worked out.

Show Chair – Jim Hutchings reported there is a new Fairgrounds manager. He is looking into the inventory for tables and the need to rent more tables at \$8.25 per table plus \$60 delivery fee. The ATM machine vendor will look into getting a 3rd vending machine. Gloria Marie has been working on all the needed ads. Two banners for outside and one for the fluorescent display have been ordered. She needs someone to do a radio station interview at the Auburn radio station. Work parties will be on Feb. 28th.

Lapidary Shop – starting with Sat. March 21st (cleanup day), the Lapidary Shop will be closed until the end of the show, Sun. March 29th. The access codes for both of the key locks have been changed. Discussion regarding saw blades being broken, misused.

Directors – Richard Kowleski reported he donated a specimen of benitoite for the show's SA. Gene Doyle reported he can bring a power washer for use at the SA work party.

Juniors' Advisor – Carole Kowalik reported for the March Ed. Mtg. they will be working on their presentations for the Ed. Mtg. She may also have photos to share with the members.

New Business

Donated equipment – for the SA at the show. It was decided to number each machine, take photos and display photos at the SA. They will be on bidding sheets and also have a "Buy it Now" price, so person can take it home then. They will be available for looking at, down outside the Lapidary Shop. They will also be listed on Craigslist.

Donated equipment from former RRR member Dorothy Cannon - Jim Hutchings will go look at it.

Facilities at Fairgrounds – Florence shared information on contact person, location of light switches for the GR and for outside the Gate Houses.

Small table for AV equipment – a motion was made to purchase a small table to use during the Ed. Mtgs. for placement of projector and/or computer.

Sale on March 8th in Davis – info will be sent out.

Turlock Show – Jim Hutchings requested volunteers to help him during that show.

Old Business – a flyer will be developed for the Tailgater on June 6th. It will be available at the Show.

Next Meeting - March 24, 2015.

Adjournment – meeting adjourned at 7:52 p.m.

Respectfully submitted,
Florence Brady, RRR Secretary

In Memoriam

Charlie Robb

Charles Edward Robb, born September 26, 1953, passed away unexpectedly on February 1, 2015. Charlie is survived by his wife, Mary Ebert-Robb, and his son, Erik Charles Robb, age 19. He lived in the Auburn area for most of the last 30 years.

Charlie was a U.S. Marine Corps veteran of Vietnam and the Mayaguez Incident on Koh Tang Island, Cambodia. He was a Professional Land Surveyor, guitar player, avid gardener, and a most loving and supportive husband and father. He had a great knowledge of rocks and minerals, and happily traipsed all over the Sierra Nevadas and the high deserts of Nevada.

A memorial service and celebration of life were held at St. Joseph's Church, Auburn, on February 14.

Rookie Rock Roller News

The Rookies will meet on March 10, 2015, in the lapidary shop at 5:30 p.m.

At our last meeting in February, Hugh Brady gave a wonderful presentation on how to best set up an exhibit case. He used his fossilized leaf collection for the example. That was really helpful information.

The juniors experimented with how minerals soak up fluid by using leaves made from coffee filters and food coloring.

At our March meeting, the Rookies will show their work to the adult members at the education meeting at 7:00. Please bring your flash drives and posters that you made during the year. We will also give a quick slide show of pictures of the fun we had.

See you at the meeting,

*Carole Kowalik, Junior Advisor

★☆☆ SHOW BIZ ☆☆★

VOLUNTEERING AT OUR SHOW, MARCH 27, 28, 29

The Show Committee would like to thank all the RRR members who have already committed to help during the 3 days. We will need to have about 140+ volunteers working during the 3 days of the show, and we don't have quite that many yet!

Volunteers can be yourself, a relative, a friend or a student who needs to earn community service hours.

Details for times, locations and job descriptions can be found in the February RRR bulletin on page 6.

Basically we need help with setup, which starts on Friday, March 27 at 9 a.m. and during the days of the Show, Saturday, March 28 and Sunday, March 29. Takedown also needs helpers, and it starts at the close of the show, 4 p.m. on Sunday.

Please contact me for more information or to sign up to volunteer. We will be taking signups during the March 10th Educational Meeting. Remember, you earn tickets for the Workers' Raffle! The drawings will be held on April 14th. (Need not be present to win).

Florence Brady,
Coordinator of Volunteers for 2015 Show
(916) 961-6868, fhbrady@jps.net

Food Donations

 Donations of **STORE BOUGHT** cookies, cakes, pies, and other desserts are needed for the show. Bring them directly to the kitchen in Johnson Hall on show set-up day, Friday, March 27, or on Saturday or Sunday of the show, March 28 & 29.

The Wearin' of the Green

No, we're not talking about St. Patrick's Day! We're talking about wearing your **GREEN** Rock Rollers club vest, or cap, or T-shirt. Wear them to our show. Buy them at the club meeting.

T-shirts \$10, Vests \$20,
Patches various prices

* See Lynn Dowing before or after the meeting *

Workers' Raffle

Prizes this year are:

First Prize: Beautiful large amethyst specimen — photo at right. It is very deep purple and sparkly!

Second, Third and Fourth Prizes: Your choice of an RRR vest with patch, **OR** a family membership to RRR for one year.

You earn a ticket for each 4-hour shift you work at the show! It's that simple. You earn two tickets for working during the Set-up or Takedown shifts.

And when those raffle tickets are pulled (at the April 14th meeting — need not be present to win), you are only competing with other show workers. So your chances of winning are much better than being struck by lightning!

GRAND PRIZE RAFFLE TICKETS

The Grand Prize Tickets will be available for pickup at the monthly general meetings prior to the show -- last chance March 10!

You can get tickets for yourself and to sell to friends, relatives, neighbors, etc. Payment is due when the ticket stubs are returned. All checks should be made payable to Roseville Rock Rollers Show.

Cost: 6 tickets for \$5.00 or singles for \$1.00 each. Return address labels may be placed on ticket stubs.

Prize Donations Are Needed

We really need donations for the Grand Prizes and for the Hourly Drawings. Please bring your donation (labeled with your name), to the educational meeting and give to Richard Johnson. Jewelry, mineral specimens, a gift certificate for your favorite place, dinner for two, tools for rock hounds; subscription to a rock magazine, etc. ---

Things you would like to WIN!
